Thursday 12th November 2015

Thank you to everyone who was able to join us at church yesterday, our children were very respectful and a credit to the school. We would also like to thank Mrs Spour who shared her experiences in the RAF with the whole school.

Children in Need – Friday 13th November

This Friday is Children In Need. You are welcome to join us from 8:45am – 9:30am as we celebrate and raise money by purchasing cakes and biscuits at our cake stall, as well as enjoying a warm drink and something to eat. It is also a non-school uniform day (suggested £1 donation), children may also wish to dress up as super heroes as this is the theme for Children In Need this year. **Wrist bands available at school at £1 each.**

iSing POP

We are very excited to be taking part in a music recording project, in collaboration with Brant Broughton Primary School and Bassingham Primary School. The whole school has been learning 5 modern songs with actions, linked to our Christian values. A singing professional from iSing Pop has helped us to master the songs and alongside a team of studio recordists will record our children performing the songs and will combine the performances from each school to create a CD. This can be purchased at £6 each - **PLEASE SEE ATTACHED REQUEST FORM.**

There will be a concert at Bassingham Primary School on Wednesday 18th November at 6:00pm where we hope that you will be able to attend alongside your child. Key Stage Two will be attending the rehearsal for the concert also on Wednesday 18th November at 2:00pm. Please complete the permission below in order for us to attend the rehearsal. We will be using the school minibus and teacher transport.

One Hour Of Code - **The Hour of Code is a global movement reaching tens of millions of students in 180+ countries**

On Friday 11th December we will be taking part in a worldwide initiative, teaching children computer skills of coding. We believe that it is vital to equip our pupils with the skills to succeed in the future and understanding computer coding is vitally important for job skills of the future. Children will be learning basic coding in a variety of fun ways and themes such as building a Star Wars Galaxy or helping the characters from Frozen. It promises to be an exciting opportunity.

Musician/The Black Eyed Peas and Entrepreneur

“Here we are, 2015, we ALL depend on technology to communicate, to bank, and none of us know how to read and write code. It's important for these kids, right now, starting at 8 years old, to read and write code”
