Friday 29<sup>th</sup> April 2016

## May Day Celebrations

On Tuesday 10<sup>th</sup> May, parents and friends of the school are invited to join us for our May Day celebrations at the school. Pupils will be taking part in traditional May Pole Dancing as well as presenting decorated arrangements. The voted May Queen will also be decided and presented with their crown.

The celebrations start at 3:00pm and all families and friends of the school are welcome. We hope to see you there.

## New School Family Members

Our School Council have worked hard researching and preparing for our school pet. This week they visited Pets at Home and brought back to school the latest addition to our school family. Our pet rabbit is a Dutch Cross and is only 3 months old. **He** has a very distinctive black stripe running along his face and white front paws and is already becoming a loved member of our school community.

Currently **he** has no name! The School Council would like suggestions and they will vote on the winning name. Please complete the naming slip below and return to the office or comment the suggested name on our Facebook page.

KS1 have new members of school also. They have two goldfish joining them. Pupils voted on names for the fish and recorded responses as graphs. The first goldfish is called Treasure. The second fish is yet to be named.

## Computer Geniuses!

Our new laptops have arrived and pupils across the school have been putting them to good use already, using them across all subject areas. KS1 researching underwater creatures; KS2 researching rabbit care; using them to computer program and even in algebra lessons in maths! We have invested in technologies so that we are able to equip pupils with the skills, knowledge and understanding for the future and to engage and inspire them in the world around them. Each pupil has access to a laptop and an ever increasing number of ICT opportunities.
