

Sports Premium at Leadenham CE Primary School September 2015 – 2016

Leadenham CE Primary School will receive **£8135** as a grant to support the development of physical education.

Our school is a member of the Sleaford and District Sports Organisation (SADO) and we also compete in festivals through the SWRA cluster partnership.

A significant amount of our Sports Premium grant has been allocated to employ Multisport Pro and CMS sports, to develop and provide expertise in high quality physical education throughout the whole school.

We have also allocated some of our funding to Carre's Grammar School sports outreach to up-skill our own teaching staff by modeling high quality physical education and we have signed-up for the Sports Outreach Programme.

Events will be planned throughout the year through the SADO partnership and our links with our cluster schools (a calendar for these events is attached).

Many of these events link into the Sainsbury's School Sports Games programme, of which our school is a member. We have also recently qualified for the silver Kitemark in recognition for our commitment to the development of sports competitions across our own school and within the community.

AFTER SCHOOL SPORTS OPPORTUNITIES

The school offers a variety of after school sports clubs and a morning breakfast club ran by FootieBugs.

SCHOOL FACILITIES

We have excellent outdoor facilities including a large, well-kept school field, a hard netball court and playground area and access to an all-weather court in the village. We also have use of the Village Hall for indoor physical education and we use RAF Cranwell's swimming pool for a whole term per year for the whole of KS2.

SCHOOL SPORTS RESOURCES

We have extensive resources for PE and sport including tag rugby, kwik cricket, hockey, football, netball, orienteering, rounders, athletics, tennis and a very wide range of smaller equipment for curriculum sports and PE

Outcome/Impact for Sports Premium 2015 / 2016
